

Free Upgrade of any NSE to X.5 with the purchase of 2 yrs Support!!!

SPECIAL UPGRADE OFFER FOR NSE X.4.2 or Earlier CUSTOMERS WITHOUT CURRENT SUPPORT CONTRACTS USING THE AG 2100, AG 3000, AG 3100, AG5000, AG 5000 Metro or AG 5500

Nomadix is pleased to announce the release of version X.5 of its Nomadix Service Engine (NSE) for the complete gateway product family. This release builds on a well-established, extremely stable and reliable code base. The focus of release X.5 (see a summary of the changes in X.5 at Nomadix.com) is to position the NSE to enable providers and operators to

- Shape the user experience with Quality of Service (QoS) capabilities.
- Exploit the rich features of NSE to create unparalleled versatility with developer, administrator and subscriber enhancements such as DAT SIP support for VoIP.

To encourage our customers to transition to NSE release X.5 Nomadix is announcing a promotion for installed users of older releases of NSE in Europe, Middle East and Asia Pacific (including Japan). We will waive the Core Upgrade requirement – a **\$245 to \$3000 value depending on platform**, for customers who purchase 2 years of Premium Support Services. This promotion will be offered **through December 31, 2007**. Nomadix Premium Support Services includes 24/7 access to technical support, web based services, NSE software releases and advanced hardware replacement. The Nomadix Support Services policy is available www.nomadix.com/support for your review.

Conditions of promotion to participate:

- Complete the **Support Services Order Form** (see attached) including the serial number of the platform unit and an authorized Signature.
- E-mail or fax the completed form to your reseller
- Please allow **14 days** for processing and receipt of confirmation before scheduling your NSE upgrade
- Make arrangements to upgrade your NSE with Nomadix Support: Both US and International Customers use 1-818-575-2590 or email support@nomadix.com
- NSE Upgrade Promotion cannot be combined with any other promotion or special product pricing.
